Remark: For this exercise it is important, that you prepare your solution at home, as some of the answers require work of investigation.

Exercise 1: At first, provide a short definition (in your own words), of what regulation means for a mobile communication market. Additionally, describe in a few sentences, what you think why it is necessary especially in the German market.

Exercise 2: What are the impacts of regulation for the user? Which advantages and disadvantages exist?

Exercise 3: Please have a look now, at the mobile communication market in other countries.

1. How far is the market regulated in the US?
2. Please describe how far the market is regulated in another country of your choice.

Exercise 4: Considering your answers for exercise 2, please make a (short) comparison between the US market and the German market regarding regulation.

1. Where are similarities and differences?
2. What do you think, should be changed in Germany regarding regulation?
